### NOW SERVING TERM IN CANTON WORKS.

### HE DESERTED HIS BRIDE

Married Salem Girl a Few Months Ago and Soon Left Her When She Needed His Support—Doing Time for Vagrancy.

Lisbon, March 17.—When G. W. Dunlap, alias Jack Carter, of Salem, who will complete a 30-day sentence for vagrancy in the Canton workhouse on Monday, leaves that institution he will be met by a Columbiana county officer with a warrant for his arrest sworn out by his wife, Ethel M. Dunlap, and will be brought to the county jail to await arraignment. Dunlap's wife, who resides in Salem, was abandoned by him when she most needed his support and care and a charge was made yesterday and a warrant issued for his arrest. About six months ago Dunlap married a Salem girl and after a few months of wedded life, in which he provided indifferent support, he left her and went to Canton. While there he was picked up for vagrancy and sentenced for 30 days to the workhouse.

His wife, in order to support herself, obtained work as a domestic and has been earning her own living since.

Friends in Salem have interested themselves in her behalf and assisted her in bringing legal proceedings against her husband so that she may obtain, in a measure, the support and help that she needs.

# KREMSER'S TWO CASES HAVE BEEN APPEALED

Lisbon, March 17.—Bills of exceptions in two cases against Theodore Kremser, of Salem, were filed in common pleas court yesterday afternoon by K. L. Cobourn who represents the defendant. Kremser was tried in Mayor Hinchliffe's court in Lisbon on a charge of keeping a place and a second charge of selling liquor in dry territory. In both cases he was found guilty and his attorney has taken the cases to common pleas court on error. Kremser was admitted to bond during the proceedings and the pending of the cases in common pleas court. Kremser is at present the proprietor of a saloon in Alliance but resides in Salem.

### DELMORE MINE, IDLE A MONTH, RESUMES WORK.

After a month of idleness, the Delmore mine, near Leetonia, resumed operations this week. The miners walked out on a strike as a result of differences with the operators of the mine. The men have decided to return to work and cut by the ton, as before.

**Thomas F. Fawcett.**

Thomas F. Fawcett died Thursday evening at the home of his son, Howard S. Fawcett, of Gainesville, Fla., whom he and his wife and daughter, Emma, had been visiting since November. A general breakdown in his health and infirmaties of old age were the causes of death.

The deceased was born near this city in the year 1837 and had made his home near here during his entire life. He was united in marriage to Miss Sidney A. Bonsall in the year 1864 and to this union seven children were born, all of whom are living. The following children survive: Mrs. Esther Stanton, Westtown, Pa.; Howard S. Fawcett, Gainesville, Gla.; Luther T., Youngstown, and William E., Edward C., Ralph F. and Miss Emma L., of this city.

The body will be brought to this city and may be viewed at the home of Ralph Fawcett, of East High street, Sunday afternoon from 1 to 3 o'clock. Burial in Grandview cemetery will be private at a later hour.

**Witnesses to Testify.**

Several Stark Electric Railway company employes passed through the city Friday morning enroute to Youngstown, to testify in the damage case of Mrs. Wm. Merrick, of Sebring, vs the Stark Electric company. Mrs. Merrick was injured over a year ago when a Stark Electric car, on which she was a passenger, struck a C. & P. train in Alliance. H. A. Gager and John Moore, of this city, passengers on the car, went to Youngstown Friday to testify.

# MANAGER CHANDLER OF GRAND RESIGNS

After settling up affairs incident to the engagement of "The Blue Mouse" at the Grand Thursday evening, Resident Manager Joseph G. Chandler severed his connections with the local opera house and on Friday morning the management of local affairs was assumed by Sol Berka, a young man sent here by Manager Ed. L. Moore, of Wheeling, W. Va.

Since assuming charge of the Grand a few weeks ago, when the playhouse was leased by Ed. L. Moore, of the Moore circuit, Mr. Chandler has demonstrated that his sympathy was with the Salem people and that he was endeavoring to make the theatrical business in Salem a success. His untiring efforts to make the house comfortably warm and to satisfy every patron, have been appreciated and it is with regret that the announcement of his retirement from the management is received. It may be said in behalf of Mr. Chandler that, had it not been for his foresight, the opera house would not have been put in shape for the opening production, "The Genius."

Mr. Chandler is unprepared to announce his plans for the future. He is an experienced theatrical manager and is well acquainted with the business from all standpoints. However he may not continue in this line, but, with the assistance of George Myers, the artist who painted the new drop curtain, may open an artist's scenic studio in this city.

### BANQUET AS FAREWELL TO OLD MAHONING COURTHOUSE

# M'KINLEY ROAD TO BE PAVED IN NEAR FUTURE

Perry township trustees, in session Thursday evening, passed resolutions to pave 2,000 feet of the McKinley road, east from the city limits, with brick. County commissioners will aid the trustees in the improvement of this strip of roadway and the work will be begun as soon as weather conditions will permit. Residents of that road will not be asked to aid in the cost of this work. Bids for the construction of this pavement will be advertised for soon.

In a few days, probably some time next week, the local trustees will consider the matter of paving the Newgarden road to the Perry township line, where the brick pavement will connect with that to be constructed by the Butler township trustees from Winona north. Trustees of Butler township will meet Saturday afternoon to consider the work on their end of the road.

# BELIEVE BURGLARS STARTED BIG FIRE

East Palestine, March 17. — The basebal stand at the East Palestine fair grounds was burned to the ground at an early hour Thursday morning. The cattle stables at the grounds were fired at the same time, but this blaze was extinguished before serious damage resulted.

It is believed the fires were started by parties who wished to attract residents from their homes to the outskirts of the town, when burglaries would be committed.

### GUARDIAN ALLOWED TO SELL AND ENCUMBER PROPERTY

Lisbon, March 17. — Judge Farr yesterday handed down a decision in the case of C. C. Connell as guardian of Lydia French Kirk vs Robert French et al in which the guardian asks for authority to either sell or encumber property to provide means for the payment of debts and for the support of his ward. In the decision the court granted authority to complete a land contract for the sale of property between his ward and Moses L. Yates. The sale of one-half of 1.34 in lot 946 in appraisers' addition to Salem and the placing of a mortgage on part of lot 945 in the same addition and was allowed. this money by completing these deals as promptly as it is desired authority is given to encumber other property until such time as the sale and mortgage are completed.

**N. S. T. K. Club.**

The N. S. T. K. club was entertained Thursday afternoon at the home of Mrs. J. R. Detwiler, of West Main street. The guests spent the afternoon socially and a lunch was served later.

The next meeting of the clubwill be held at the home of Mrs. H. W. Bosten.

# *Judge Farr Had to Settle Problem That Puzzled Wise King Solomon*

Lisbon, March 17. — Judge Farr yesterday evening was called upon to decide a similar question to the one that made Solomon famous. As in the case of King Solomon he had to decide which woman should have possession of a child which both claimed by the virtue of a gift from the father, the child's mother being dead.

George Pinkerton, four, was the cause of the hearing, his aunt, Mrs. Bertha Robinson of Wellsville, having made affidavit that he was dependent and neglected.

He has been staying with his sister, Mrs. Lawrence Pennington of Wellsville and for some time the aunt has been making strenous efforts to obtain possession of him.

The lad's father, Ollie Pinkerton is at present confined in the Canton workhouse and upon the death of his wife, Mrs. Robison claims, he gave the boy to her. Mrs. Pennington refused to surrender him and the affidavit was the result. After hearing thestatement of the Penningtons, the court called the Canton workhouse by long distance telephone and talked with the father. He then ordered that the boy be taken to the home of Mrs. Robinson for a brief visit and after he had made an investigation of both the Robison and Pennington homes he would decide where the boy should stay. Mrs. Pennington is a half sister to the boy and he seemed attached to her.

# *Real Harem Skirt In Use Makes Its Appearance Here*

The much commented upon harem skirt, which has been the cause of many near riots in larger cities recently, made its initial appearance in use in this city Friday morning when it was worn by one of the young ladies of Salem's younger society set.

This bifurcated garment was seen at the Pennsy depot Friday morning when the wearer appeared there to bid a friend goodbye. The skrt was of a grayish color and only a peek now and then could be had of the "trousery" effect as the young lady strolled along. The skirt attracted considerable attention among the people waiting at the station.

# SALEM IRON FURNACE DOWN FOR THE SUMMER

Leetonia, March 17. — Wednesday evening the Salem Iron company furnace cast its last beds of iron. The company will do a lot of repair work which will take up the largest part of this summer. This puts the Pennsylvania night crew off. Conductor Patterson goes on daylight breaking, Galen Lodge goes to Salem to fire the Salem shifter and engineer Walter Netrour goes to Canton. The balance of the crew are unassigned.

Cobourn, of Lisbon, stopped in Salem Friday en route home from Columbus, where he, with other county auditors in this part of the state, were summoned to confer with the state tax commission in regard to matters pertaining to the quadriennial appraisement of property. While in this city, he called upon the Salem board of review, in session in the office of Clerk C. F. Lease, to discuss the work of the board.

**A Son Born.**

Salem friends have received word of the birth of a son, William, to Mr. and Mrs. Arthur Simonson, of Racine, Wis. Mrs. Simonson was formerly Miss Edna Hare of this city, the daughter of Mr. and Mrs. W. C. Hare.

# *Pretty Co-Eds In Harem Skirts Enjoy Evening*

Alliance Leader: — The harem skirt has come to Alliance! Ten pretty Mt. Union girls donned the latest novelty in feminine apparel last night and, after firing away all members of the opposite sex they indulged in leap frog, skinned-the-cat and other boyish sports until, with cheeks flushed with excitement and exertion they shed their harem skirts and sought their homes determined to spend other evenings free from the restrictions of the ordinary women's apparel.

The party of fair co-eds met, twenty in number, at the home of a wedded alumna whose husband had been banished from his home and fireside, and ten of the number donned the new habiliments—which, we are inclined to believe, were nothing more than papa's and brother's trousers—and the capers the damsels pulled off would have made them blush with embarrassment had they known that all their "stunts" were witnessed by a couple of adults of the opposite sex who with difficulty were able to get an occasional glimpse into the room where mere man was forbidden to enter.

# IMMENSE GASSER IS DRILLED IN AT NEGLEY

Negley, March 17. — The largest gasser in this section for many months was drilled in last evening at 6 o'clock. Indications are that the well will be good for 1,000,000 cubic feet a day.

The Sunday school board of the M. E. church on Thursday evening selected George Dressel as second assistant superintendent of the school Since Fred W. Stiffler, the superintendent, has gone to Youngstown, the school is now in charge of the first assistant, J. E. Ream, whose duties required the services of an assistant.

The board also began preparations for an Easter program for the school.

# CONDUCTOR PUMMELLED ASSAILANT

Because he was reprimanded in a respectable manner by Conductor Homer Buxton for using objectionable language in the presence of women on the Stark Electric car that reached Salem at 10:45 Thursday night, a passenger said to be a Salem business man knocked the conductor down as he was leaving the car. The conductor, of slighter build than the troublesome passenger, jumped to his feet and forthwith proceeded to return the man's medicine with the agility of a prize fighter. When the man crawled out from between the seats, where he had been knocked by the conductor, his face was badly disfigured and he showed other signs of having received the worst of the argument.

Passengers who witnessed the performance say that the conductor was justified in correcting the man for swearing and that he spoke to him in a way that should have been respected by the man. An arrest may be the final outcome of the trouble.

# MANY HEARTY LAUGHS AT "THE BLUE MOUSE"

"The Blue Mouse" a farcial comedy in three act from the German of Alexander Engel and Julius Hurst was heartily enjoyed by a large audience at the Grand opera house Thursday evening. The cast was considered even better than that which produced the play last year and the Moore circuit and Resident Manager J. G. Chandler received many compliments for obtaining such a good company.

The company left Friday morning to appear in Youngstown at the Grand Friday evening.

### NEW BILL AIMED AT ROSE LAW WILL APPEAR MONDAY

Columbus, March 17.—A new cities' local option bill is scheduled for introduction in the house and senate Monday afternoon. It is expected that Senator Dean will offer the bill in the senate, while Representative Fulton, of Licking, will father it in the house. It will be similar to the first Dean bill that was defeated, except that it will apply to cities and exclude villages from its operation. Under this bill, cities will have the authority to decide the saloon question for themselves, independent of the balance of the county. Of course the bill will get through the senate, but whether or not it will pass the house is a question.

### TO PROHIBIT THE SALE OF THUG ACCESSORIES

Columbus, March 17.—The Gotshal bill, making it a penalty to manufactur, sell or expose for sale, black-jacks, billies, slung-shots, brass knuckles and other accessories of the thug, which has passed the house, will probably receive favorable action in the senate. The author of the bill claims that the boys excited by reading thrilling novels, are attracted by the display of these weapons in shop windows of every city in the state, and once they become possessed of them, they are tempted to use them when the opportunity arrives.

**Attending Board Meeting.**

Rev. George E. Kent, of the Dry Street Friends church, went to Cleveland Friday morning to spend Friday and Saturday in attendance at the educational board meeting of the Ohio Yearly Meeting of Friends.

# FEAR MISSING WOMAN IS DEAD

### SEARCH OF BARNS AND OUT-BUILDINGS ASKED.

### MAY HAVE BEEN FROZEN

Daughter of Mrs. Marino Hunts for Her Mother in Leetonia But Without Avail—Has Offered a Reward for Her.

After futile search in almost every conceivable place in this city, that continued all day Thursday and Thursday night, for Mrs. Marino, the Italian woman who mysteriously disappeared from her home on Newgarden street Wednesday forenoon, Mrs. Mary Demeo, the aged woman's daughter, Friday forenoon offered a reward of $10 for any information that would lead to the finding of the woman.

Mrs. Demeo went to Leetonia Thursday afternoon, thinking possibly that her mother might have gone there to be with relatives, but she could not be located in that town. Mrs. Marino's mind is slightly demented and Friday morning Mrs. Demeo expressed her fear that her mother might have wandered away exposed to the winter weather, died in some unknown place. Chief Cook requested that residents of the city search through their barns for the missing woman, as in her temporary derangement, she might have gone into an old building for protection and there died.

# AGED WOMAN KILLED BY FALL DOWN STAIRS

Youngstown, March 17.—Mrs. Rebecca Weaver, a pioneer resident [illegible] North Lima, fell downstairs Wednesday night and received injuries which resulted in her death a few hours later.

The victim was 71 and was celebrating her birthday anniversary at the home of her daughter, Mrs. E. J. Hess. Children and grandchildren had gathered at the house and the day was one of rejoicing.

Mrs. Weaver went upstairs to get a dress she had made for a favorite grandchild. While descending, with the guests watching her and awaiting to see her handiwork, the aged woman stumbled. Her head hit the baseboard and she died in two hours. Mrs. Weaver had lived in Beaver township all her life.

# STATE EMPLOYES ARE IN FAVOR OF KRAUSE BILL

Columbus, March 17.—State appointees who are in departments, the heads of which are appointed, are hoping that the Krause bill providing for civil service in state departments and state institutions, filled by appointment of the governor, will become a law. If it does, they will stand a chance to hold on to their positions permanently irrespective of the change in administration. Under this bill, as an example, employes and appointees of the adjutant general's office would be under civil service and would hold their places permanently unless removed for cause. The bill seeks to install in Ohio the same kind of a system which has been in effect at the national capital for many years

### JUST A BEGINNING.

President Taft in one of his recent southern addresses seems to have hit the key note of all the arguments in behalf of reciprocity with Canada. In asking the support of this measure he said "Not on the ground of any local advantage (the South would reap a decided advantage by Canadian reciprocity); I ask it because I regard this treaty, if adopted as the beginning of a new relation with our neighbor, which will inure to the benefit of both." Although the present treaty is not perfect and admittedly has almost inexcusable defects, it is an entering wedge to more neighborly relations with a nation quite as progressing as ours, with interests very similar. Endorsing this treaty now does not mean that all efforts toward freer and more satisfactory reciprocal agreements will end. Rather they will increase, until a treaty satisfaction to all shall have been perfected.

A bill has been introduced in the Missouri legislature requiring rail road station agents to give courteous and accurate information to the inquiring public regarding the time of trains, coach and Pullman accommodations, etc. No such law should [illegible] be written on the statute books. A [illegible] public opinion will [illegible] that direction than all [illegible] the legislatures could [illegible] has been that [illegible] railway station agents [illegible] are civil and courteous [illegible] approached in like [illegible] certainly do have [illegible] try the patience of a [illegible] encountered who will [illegible] of a gentleman when [illegible] a word of pro[illegible] up in the rail[illegible] will generally have [illegible] The men in charge [illegible] of the rail[illegible] usually realize [illegible] good will of the traveling public is a valuable asset to their road.

The proposal to prohibit hitching on the public square in Aliance that the square may be parked is arousing a great protest among the farmers who declare that if they are not provided with some convenient place to hitch when they come to town they will go elsewhere to trade. It seems to us that the business way to settle this would be to provide a place to hitch near the business center of the city. There would be some expense connected with such a project but it should be remembered that the rural buyer does not demand that his goods be delivered as does the town customer and the expense of providing a hitching lot would be no greater than the cost of the delivery of purchases.

A story of the tragic death of the half dozen brave men of the fishing tug Silver Spray, who lost their lives during the terrific gale on Lake Erie Wednesday night, might well be captioned: "The Price of Fish." About this time of the year the consuming public, tiring of the long winter diet of cold storage fish, demands the fresh article and the fishermen, brave and daring to the extreme, strike out into the stormy inland seas for the first catch. That little word of four letters must carry with it the meaning deep in tragedy to the widows and orphans of the men who go down to the sea inshipsnever toreturn.

It is announced in the Far East that Russia's threatening attitude toward China has caused the Japs to hasily enlarge their army and get their navy in the best of working order. Russia is likely to find herself face to face with the necessity of exclaiming: "Oh, I beg your pardon!"

Indiana's legislature has adjourned but aside from that she's no better than Ohio.

### Suit on Note Dismissed.

Lisbon, March 17.—The case of Sue Taylor vs. Harriet Bowers was dismissed Thursday by Judge J. H. Fimple, after everything had been made ready for the trial. The defendant will have to pay the cost of the action. The case grew out of an attempt to collect a promissory note for $2,000, executed May 23, 1905, the plaintiff alleging that $600 interest has accumulated and is unpaid. Following the dismissal of the case the petit jury was excused by the court until 1 o'clock Monday. Court will convene Monday at 9 o'clock but the morning hours will be devoted to calling the docket.

## CLINE, WHO ESCAPED FROM JAIL, WAS RECAPTURED

East Liverpool, March 17.—Rufus Cline, who, after feigning sickness, escaped from the yard of the county jail at Lisbon over a year ago, and for whom the police have been searching ever since, was re-captured Wednesday evening in this city by Deputy Sheriff Gilson. Cline offered much resistance and it was necessary to take him to the city jail by sheer force. He was taken to Lisbon Thursday for reincarceration.

Cline has been hiding in Chester, W. Va., but ventured on the Ohio side of the river Wednesday and was immediately apprehended. Charged with non-support and taken to Lisbon over a year ago, Cline feigned illness and was allowed the freedom of the jail yard. Once there, the sickness disappeared and Cline "beat it."

## SPECIAL NOTICE

### Local Druggist Issues an Interesting Statement.

Salem, O., March 10, 1911.

To Whom It May Concern:

We have been in receipt of numerous inquiries from persons who have noticed advertisements for Celmo, the great British remedy for rheumatism, sciatica, gout and other uric acid ailments.

We desire to say that Celmo is a genuine English remedy, and is guaranteed by its makers. It is most successfully used in England, where the damp climate is productive of much rheumatism.

Celmo comes to America with testimonials of cures from officials of the British government, members of the nobility, lords and ladies, army officers—from persons who never before publicly endorsed any remedy of any kind. Only a deep sense of gratitude for cures effected could have moved them to say what they do over their own signatures regarding Celmo for the treatment of rheumatism and other uric acid ailments. Surely, the Earl of Pembroke, the Earl of Galloway, A. Bouree, Ambassador of France, Lady Henry Somerset, Rev. W. J. Foley, Major A. E. Lascelles—surely such men and women would not recommend Celmo if they were not certain that it was meritorious.

From our own experience we know that Celmo is all that it is claimed to be. Those who have purchased Celmo at our store and have used it report most satisfactory results. When given a full and fair trial it has cured where all other remedies have failed.

After hearing reports of our customers, who have used it, we most heartily recommend Celmo.

Your respectfully,
D. W. BONNELL.

## How She Keeps Her Baby Healthy—Test Free

### An easy way for any mother to raise sturdy children

So far back as the memory of man goes every mother has had her own peculiar ideas about how to keep her children healthy. But women are getting to agree on the main point more and more, and that is that it is of first importance to keep the little one's bowels open.

From the bowels comes health or sickness. Unless a child is born diseased it can be kept healthy, and made to grow to vigorous maturity, if the bowels are kept free and pure in infancy and childhood. It is the main point for the mother to look after. The amount of romping and playing a child does keeps its bowels moving naturally, but there comes a time when they overeat or eat something that does not agree, and then a laxative is absolutely necessary.

Don't wait until matters get worse—give a laxative at once. What laxative are you going to give? Stewed fruit and things of that kind? No, not when the child is really constipated. Give a scientific laxative, a formula based on forty years of experience with children. Such a laxative is Dr. Caldwell's Syrup Pepsin, which thousands of mothers are already giving in these emergencies. It is the mainstay of the children of Mrs. J. R. Whiting of Lena, Wis., Mrs. Chas. H. Reichert, Richmond Hill, L. I., and numerous others.

Don't give pills, tablets or strong cathartics for the child doesn't need it. Go to your druggist and buy a fifty cent or one dollar bottle of Syrup Pepsin. It is mild, gentle, free from griping and exactly suited to the needs of infants and children. If you want to try it before buying write Dr. Caldwell and he will send you a free sample bottle. He has sent thousands such bottles to mothers.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

### To Change Channel of Stream.

Lisbon, March 17.—The county commissioners have granted a contract to William Travis, of Madison township, to change the channel of a small stream near bridge 1218, in Madison township, his bid being $30 for the work.

Owing to a crooked channel, high water was held back and frequently damaged the bridge. The straightening o fthe channel will allow a better outlet and save the bridge from further damage.

### A Real Live Harem Skirt.

Lisbon, March 17.—A real live harem skirt, the first to appear in Lisbon, is being exhibited by an up-to-date dry goods merchant in his window, in this city. The exhibition is attracting considerable attention from the female population but the masculine element refused to look. It is not known whether Mayor Hinchliffe will issue an injunction against its sale or not.

## NEARBY NEWS IN BRIEF

There is an epidemic of scarlet fever in Akron and at the present time the situation is serious.

An inspection of Co.s H and M, in Youngstown, of the Fifth regiment, made by Capt. Rosenbaum, of the 26th United States infantry, showed that these two companies are in excellent shape.

Prostrated by the shock of the death of his father, J. K. Durling, pioneer match manufacturer of Wadsworth, J. H. Durling, cashier of the Wadsworth National bank, died a short time after. Both were buried Wednesday in the same grave.

The discovery that a fire captain of Akron was keeping a race horse at expense of that city has created a sensation. The horse belonged to the fireman's brother and had a box stall and a lot of good city feed.

Since former Senator Charles Dick, of Akron, took official leave of Washington, he has not been at his home in Akron and members of his family are indefinite as to his whereabouts. Mr. Dick is commander-in-chief of the Ohio national guard and his uniform and sword are in readiness for him at his home.

Two witnesses, Dr. F. D. Smith and Louis Ringer, both of Hartville, who were in Canton recently testifying in a damage case, returned to their homes and the next morning the former was found dead in bed. The other man is lying at the point of death with the same disease, having been stricken the same night.

Jerome Davis, of Brookfield township, Trumbull county, made a public confession of his sins and a pledge to reform through the channels of the newspapers. His wife was suing him for divorce but upon his public pledge, she withdrew the charges and with her daughters returned to her home to again live in marital happiness, her husband having promised to be good.

# LANGDON TAX BILL DONE FOR

## Practically Killed by Re-Reference to Committee

## POINT OF ORDER SUSTAINED

House Decides Committee Had No Right to Change Measure—Teachers' Pension Bill, Introduced in Senate by Deaton of Lucas County, Allows Teachers to Retire at Age of Sixty-five.

Columbus, O., March 17.—The Langdon tax bill, amended to reduce the Willis corporation tax, was practically killed by a re-reference to the tax committee following the sustaining of a point of order by Speaker Vining, that the committee had exceeded its authority in amending the bill.

Representative Tidrick of Carroll county raised the point. He said that, besides exceeding its authority, the committee had no right to make any amendments or changes or add any new matter, because the title simply called for a codification and revision of the tax commission laws.

Many amendments were made to the bill. Most important of these was the one lowering the corporation tax from 3-20 of 1 per cent to 1-10 of 1 per cent, thereby cutting $750,000 a year from state revenues.

### Speaker Sorry to Sustain Point.

Speaker Vining said he had determined, after many hours' study of the rules, to sustain the point of order even thought it must be done regretfully. Tidrick then moved a re-reference to the committee with power to change the title and sectional numbering. Representative Riddle of Logan county offered an amendment to the motion to cut out all but the re-reference. It carried.

Representative Langdon of Warren county, author of the bill, declared the committee had the right to revise and codify only. He holds that only the original bill can be reported by the committee. Parliamentarians declare the action kills the bill as the committee cannot even report out the original bill, as the recommitment was on the substitute bill.

### Teachers' Pension Bill.

Senator Deaton of Lucas county introduced a teachers' pension bill in the senate, the third of the kind introduced this session. The bill provides for the creation of a fund by the state to be secured by levying 1 per cent of the salary of teachers and 1 per cent of the money levied for school purposes in the various school districts of the state.

Teachers will be entitled to retire at the age of sixty-five and receive a pension equal to one-half the average salary they have received during the previous fifteen years.

## FOREIGNERS AT ODDS

Fear of Riot at Florence, O., Keeps Deputies Busy.

Martins Ferry, O., March 17.—There is danger of a serious race war at Florence, the Ohio mine town, two miles west of Wheeling, W. Va., where the riot occurred in the local union hall, resulting in the fatal stabbing of Joe Langan and the serious cutting of two other Hungarian miners, who went to the assistance of President William Green after the Italians had assaulted him with chairs and clubs.

All the nationalities in the town, including Americans and negroes, are combined against the Italians except a small company of Montenegrins, who take any side that is unpopular and likely to produce trouble in every controversy that comes up. The authorities have put a dozen American deputies on guard and are confiscating all the liquor.

## BIG FIRES IN OHIO TOWNS

**Loss at Ravenna Is $50,000; at Bridgeport, $30,000.**

Ravenna, O., March 17.—Flames swept over a large portion of the business section of this city and two large business blocks were destroyed, entailing a loss of nearly $50,000.

Bridgeport, O., March 17.—Fire at Barton, a mining town eight miles northwest of here, destroyed three stores, three residences and one office building, entailing a loss of $30,000. The fire is supposed to have been of incendiary origin.

## JONES ARRIVES AT PEN

**Will Remain in Warden Jones' Domicile Five Years.**

Columbus, O., March 17.—John Jones, who misrepresented the age of Miss Grace Strahm of Kenton in order to marry her, arrived at the penitentiary to serve five years for perjury.

Jones is thirty-three years old and has served six previous terms in the penitentiary, varying from one to three years. He also spent time in Mansfield.

### Minister Knowles' Son Killed.

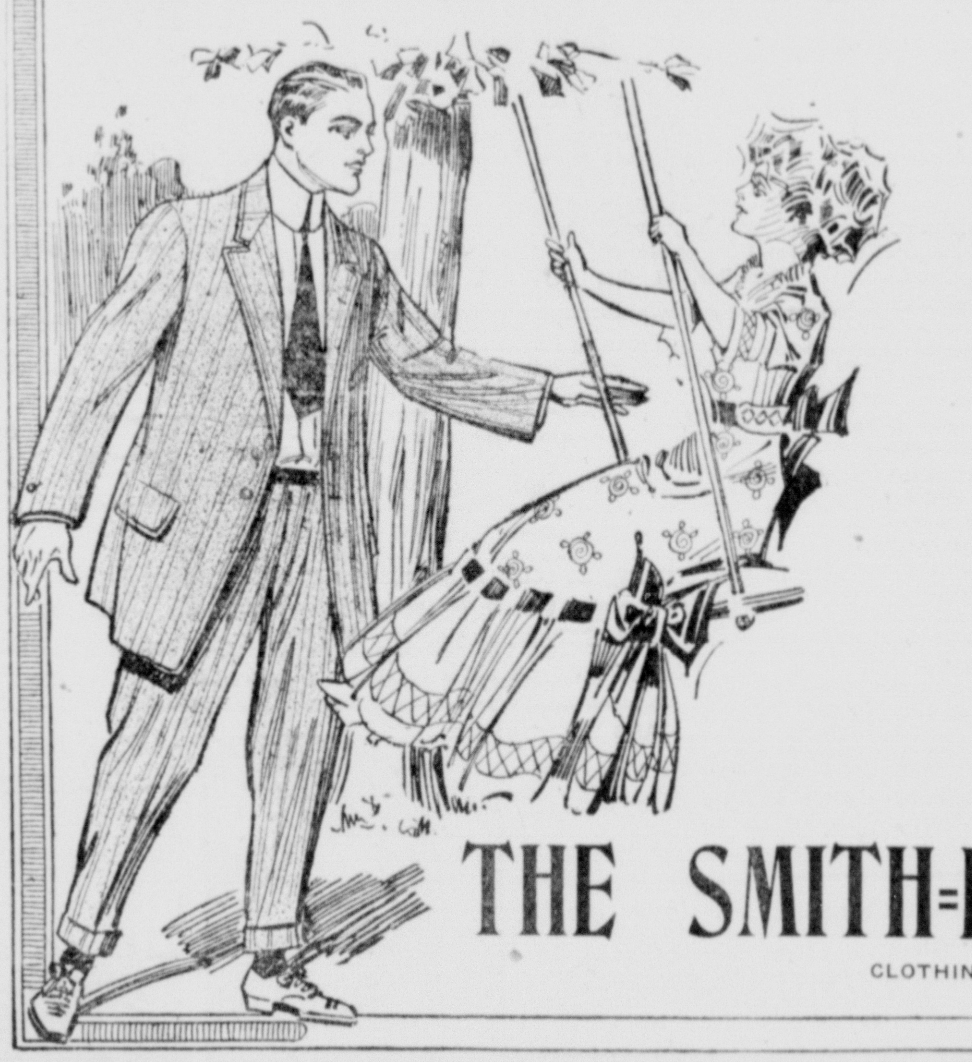
These Clothes Will "Make Good" Their Claims To Superiority.

On every hand you are beset with clothing claims—yet there can be but *one* best. *PUT OUR TALK TO THE TEST.*

The quality of Goldman-Beckman (Cincinnati) Clothes is expressed in their creative designing and their expertly chosen fabrics—and these features augmented by a great organization of master tailors.

Isn't it logical that when these great fundamental factors are systematically united these clothes excel?

To be becoming a suit should fit well—right design and careful tailoring. To be high value the fabric must be expertly selected for the greatest intrinsic worth at the price—and the business volume must be large enough to permit judicious manufacture.



All these essentials Goldman-Beckman Clothes embrace.

So when we invite you to our spring display we have something more than ordinary to interest you. Not that we have $20.00 suits on sale at $10.00. But that we have here for you the highest type of clothes that $10.00—$15.00—$20.00—or your price will buy. Challenge this claim with your own careful judgment by a personal call when convenient.

Just a word abont fabric patterns. For the spring season Goldman-Beckman had a few novelty weaves produced especially for their trade. Of these fabrics we fortunately secured a representative showing. Necessarily, however, this division of our display is limited—better come early if you can.

**HOW TO BUY MONUMENTS**

Life is too short for us to make a study of everything we buy and become experts. How many, for instance, could select the best from a large collection of Monuments if none of them had any identifying mark? Who can look through the polished surface and determine the quality of the granite and the fineness of grain? As a matter of fact, the most expert craftsman cannot judge monuments by looking at them. There is, however, a certain amount of risk in buying any article of granite or marble that is not protected by a guarantee.

You remove every element of risk by buying Bryan Quality Memorials. This name covers a complete guarantee which is the maker's promise of perfect quality.

## Stone In Bladder Removed Without Surgical Operation

In the Spring of 1904, I was confined to my bed with kidney trouble and thought that I would never recover. I took a lot of medicine but did not realize any benefit from anything. I finally saw Dr. Kilmer's Swamp-Root advertisment and sent for a sample bottle and thought the sample bottle helped me, so I bought more of the medicine from my Druggist, and after using a few bottles discharged a very large stone from my bladder. After passing this stone my health was very much improved and I have been able to continue my business without any serious sickness.

## IT GROWS HAIR

Here Are Facts We Want You To Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hiar from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and $1.00. Sold only at our store—The Rexall Store. Flodling's Pharacy.

## DIAZ HOPES TO PLACATE REBELS

### Plans Cabinet Changes and Reforms in Government

### CONDITIONS TO BE IMPROVED

When Minister of Finance Limantour Gets Back to Mexico City Important Developments Are Expected to Come—Mexican Officers Slated For Retirement Are Unpopular With the Masses.

Washington, March 17.—Changes in the Diaz cabinet and administrative reforms in the government are about to be made in Mexico as a means of placating the revolutionists.

Information to this effect was obtained in official quarters. It is expected here that important developments will follow the return of Minister Limantour to Mexico City. He ought to reach Mexico City early next week.

It is expected that the reforms will include measures designed to improve the condition of the peon or laboring class. It is likely also that a new system of taxation will be instituted which will compel the large and wealthy land owners to part with some of their holdings so that the members of the middle class may acquire land.

In recent years large tracts of land have been collected in the hands of individuals who have declined to sell it. This condition of affairs, it is said, has prevented the development of agriculture and has been a source of discontent among the people.

The Mexican cabinet officers who are slated for retirement it is understood are unpopular with the Mexican people.

## "INTERESTS" FIGHTING HIM

Senatorial Candidate Sheehan Says Wall Street Backs Insurgents.

Albany, N. Y., March 17.—In a statement issued from the Sheehan headquarters at the Hotel Ten Eyck it was directly charged that Wall street and the so-called "big interests" were standing solidly back of the insurgents in their campaign against Mr. Sheehan's candidacy for United States senator.

The statement also says that the "big devil" representing the "interests" back of the insurgent movement is Francis Lynde Stetson, who is himself the attorney for more of the "big interests" than all the rest of the lawyers of the country combined.

# Think of the Taste—not the Price—when you order coffee

Order the *Blend*—the Flavor that suits your taste. Don't say to your grocer: "Send me a pound of your best 30 cent coffee"—or something like that. That is not the way to get the coffee *you* like. The only way to buy coffee that *tastes delicious to you* is to select the Blend that is prepared to suit your particular taste.

After years of experiment, we, who are the oldest house of coffee experts in the world, have proved there are *five great coffee tastes* and we have put up five different Blends of Coffee to meet each of these five distinct tastes.

Below is a description of these five Blends and their flavors. The flavor you prefer *may be our lowest priced Blend and may save you 10 to 20 cents* on every pound of coffee you buy from now on — for remember, coffee prices are determined by Blend. The highest priced coffee suits only a certain proportion of tastes. Each of the Golden Sun Blends, from Karex to Mocha & Java, is uniformly Choice Coffee from plantations controlled by us so that next week's coffee will be precisely as good as this week's. The roasting and blending is done by *experts of 25 years' experience.* Every package of Golden Sun Coffee is air-tight, and hermetically sealed at the right moment after roasting, to keep for *your table* all the rich, natural oil—the *food* of the coffee berry.

***Coffee kept in open bins or sold by irresponsible peddlers fails in richness, purity and strength and has a flat, stale flavor that falls far short of your coffee standard.***

☛ Try this new way—the only sensible, logical way of selecting your coffee and see if it does not prove the right method of giving you the kind of coffee you can call—delicious. ☚

***Find the Taste that suits you—tear out the description and the package showing the name of the Blend. Give it to your grocer or telephone him. You will never order coffee in the old haphazard way again.***

# Hope For Consumptives

**We have a message of cheer for consumptives and lung sufferers—many of whom may have given up hope of ever being well and happy again. Look, listen and learn—this testimony should stir you into action.**

### A Physician Cures His Wife of Consumption

Gentlemen:—

"My wife was down with Consumption, when I ordered a bottle of Aicsol (Lloyd). She was very weak from night sweats, cough, and in a feverish condition. I noticed a change for the better after ten days' treatment, and from that time on up to three months, when the cure was completed. Aicsol (Lloyd) kills the Tubercle Bacillus in the blood and tissue, and it is the only remedy so far discovered that will do this. It is a preventative as well as a cure. It should be used by those who are run down, or those who fear the approach of Consumption. It can be truthfully said that Aicsol (Lloyd), for the cure and prevention of Consumption, is the most wonderful compound of the present age."

DR. W. H. KNIGHT,
East Saugus, Mass.

### J. A. Ward, M. D., Willing To Make Oath

Gentlemen:—

Had you spent $25,000.00 in advertising your remedy to the people for the benefit of consumption and all the chronic lung troubles, instead of distributing it among physicians who put samples in out-of-the-way places and perhaps never think of them again, you would now, in all probability, have a paying trade, while many poor victims of the White Plague that are now in their graves would be well and attending to business.

I believe you have one of the best remedies ever offered to the people. I believe it to be a general reconstructor of tissue and indicated in all cases where a reconstructor is called for. I have used Aicsol (Lloyd) for nearly five years, and know what I am talking about.

Once the remedy becomes generally known there will be but little trouble disposing of it.

You can use my name in any way you see fit in advertising, as I have said nothing in regard to the matter to which I will not be willing to make oath where such course is necessary.

Very respectfully,
J. A. WARD, M. D.
Troy, Mo., July 22, 1908.

### A Physician Tells How Consumption May Be Cured

To Whom It May Concern:—

This is to show that I have used AICSOL (Lloyd), a medicine made and sold by LLOYD CHEMICAL CORP., of St. Louis, Mo., on one case of pulmonary consumption, on a lady in Kentucky, who was 47 years of age, and she recovered, and is now well and performing her ordinary duties and household work as of yore; is a gratified and sound woman.

The above case was far advanced in the second stage; night sweats, daily chills, hectic flush, and in the stage of menopause, which is one of the most critical periods in woman's life.

I believe it will cure nine out of ten cases for which it is made, thereby saving and prolonging life, bringing health, happiness and saving immense suffering and in the aggregate, worry and thousands and millions of money. I heartily recommend AICSOL (Lloyd) to all interested and suffering with any forms of consumption, and give permission to use my name in placing AICSOL (Lloyd) before the public.

Very respectfully,
G. W HOLT, M. D.
McLeansboro, Ill.

We consider Aicsol (Lloyd) the greatest treatment of the century—entirely different from any other treatment now in existence; the most startling addition to medical science since Jenner isolated vaccine virus.

Listen and be convinced. Many patients begin its use when suffering from weakness, blood-spitting, pus filled sputum, night sweats, chills, fever, constipation, loss of flesh, painful lungs, distressing cough, wasted bodies, loss of hope and strength, full of despair. Aren't these terribly true symptoms of dreaded consumption?

When these same patients, after a few months' use of Aicsol (Lloyd), report that they ARE CURED, strong, able to work, have not an ache or pain, happy, full of praise for this marvelous treatment, it's time for you to be interested. The sworn testimony of just such remarkable results with names and addresses of these patients will be sent you. If you are not sick, cut out this ad, and send to some sufferer, or send us the name of such sufferers. All correspondence strictly confidential. Tomorrow is just so much time lost. Don't delay. WRITE TODAY AND SIMPLY SAY:—SEND ME PROOF. ACT NOW by addressing LLOYD CHEMICAL CORPORATION, 587 LLOYD BUILDING, ST. LOUIS, MO.

# Making Good Makes Friends

There is no way of making *lasting* friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have *not* made drunkards.

A good, honest square-deal medicine of known composition is

## Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that came into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

***For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.***

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore *don't accept a substitute* that the dealer may make a little bigger profit. *Insist* on your right to have what you call for. Don't buy

## Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's *special* ailments.

***It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.***

As an invigorating tonic and strengthening nervine it is unequaled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

***Dr. Pierce's Pleasant Pellets,*** the *original* Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy. They regulate and invigorate Stomach, Liver and Bowels.

Mrs. Melber was immediately sentenced to serve not less than twenty years in prison.

Mrs. Melber showed little emotion when the verdict, which may mean life imprisonment for her, was announced. She made no comment and left the courtroom quietly and apparently unmoved.

# CHOP VICTIMS' BODIES FROM ICE

## Rescuers Find Wrecked Lake Men Frozen to Death

## REACHED BREAKWATER ALIVE

### Five Bodies Are Recovered by Rescue Party, Which Has Thrilling Experience in Rough Waters—Seven Men Sent to Death When Tug Silver Spray Is Sunk in Storm Which Swept Lake Erie.

Cleveland, March 17.—Rescuers aboard the tugs Castanet and Lorain have recovered the bodies of five of the seven men drowned in the storm that swept Lake Erie and sent one fishing tug, the Silver Spray, to the bottom.

The bodies of Captain James Purdy of the lost tug and Charles Brasso, Henry Anderson and Robert Watt, members of its crew, were found by the tug Castanet frozen into the ice on the lee side of the rock breakwater off East Fortieth street.

Life preservers encircled all the bodies. Their position indicated that the men had reached the breakwater alive and had frozen to death there.

Anderson's body was found sitting nearly upright between two large bowlders, where he had apparently crawled seeking shelter from the wind and sea.

The body of Tom Reed was picked up by the Lorain near the scene of the wreck four hours after the Castanet had recovered the first bodies The Castanet was unable to get close to the breakwater, even from within, because of the heavy sea that was running. So a rowboat was lowered, manned by Captain McIver, John Finlayson, Sam Bosak and Thomas Jacobson and Bosak and Jacobson were landed on the breakwater.

Great waves broke over them as they advanced and the slippery footing made their journey one of peril. They chopped the bodies out of the ice with axes, hitched ropes around them and they were towed back to the Castanet.

## IGNORE BRYAN'S PROTEST

### Fitzgerald Given Important Committee Chairmanship by Democrats.

Washington, March 17.—Representative John J. Fitzgerald of New York will be chairman of the committee on appropriations in the house. Formal announcement to this effect has been made.

In selecting Mr. Fitzgerald for this important chairmanship, the chairman on the ways and means, which is acting as a committee on committees, was obliged to ignore a protest made by William J. Bryan. Mr. Bryan entered an objection to the selection of Mr. Fitzgerald as chairman on the ground that the appointment would be accepted as a recognition of Tammany by the Democratic organization of the house. The committee members explained that Fitzgerald's services in the house justified the promotion.

# ONE HUNDRED ROADS MADE DEFENDANTS

## West Virginia Cement Company Alleges Discrimination

Washington, March 17.—One hundred railroads are made defendants in a complaint filed with the interstate commerce commission by the Alpha Cement company of Manheim, W. Va. This concern alleges discriminations against it by the carriers in favor of the Universal Cement company, a subsidiary company of the Steel corporation.

It is stated in the complaint that the Alpha Portland Cement company has its principal offices in Easton, Pa., and has works for the manufacture of cement at Manheim, W. Va. It is alleged that the Steel corporation has a subsidiary company, the Universal, with its works at Universal, near Pittsburg.

The charge is made that directors of the Steel corporation are also directors in all the defendant railroad companies and that the Steel corporation, through the directors in the roads, is trying to crush the Alpha company in the states of Maryland, West Virginia, Virginia, Pennsylvania and other states by lower rates.

## WOMEN RUSH TO REGISTER

The number of women voters is expected to be in the neighborhood of 10,000. Club women were largely represented.
